DOTBLOOM®

MOISTURISING BODY LOTION

Variants: Aloe Vera • Almond & Saffron • Fruit Fusion

📌 Description

DOTBLOOM® Moisturising Body Lotion by DOTCOM PHARMA is a personal-care skincare product intended for everyday body moisturisation. The product range is available in three variants: Aloe Vera, Almond & Saffron, and Fruit Fusion.

The body lotion is presented for external application to the skin and is intended to help moisturise the body and maintain a soft, smooth skin feel. The product range highlights all-day hydration, skin softness and nourishment.

Each variant belongs to the same body lotion product range, with its own variant name.

Human Application

DOTBLOOM® Moisturising Body Lotion is intended for human personal-care use.

Typical application areas for a body lotion include:

- Arms and hands.
- Legs.
- Other suitable external body areas.

Advantages

1. Everyday moisturisation: Intended for regular body-care use.
2. Hydration-focused benefits: The product range highlights all-day hydration.
3. Soft-skin positioning: Promotes soft and smooth-feeling skin.
4. Three available variants: Aloe Vera, Almond & Saffron, and Fruit Fusion offer different product options.
5. Multiple pack sizes: Available in 50 ml, 100 ml, 300 ml and 500 ml.
6. Convenient product range: Different pack sizes offer options for different usage requirements.
7. Clear product identification: Each variant has a distinct name within the DOTBLOOM® range.

Precautions

- For external use only.
- Avoid contact with the eyes.
- Do not apply to irritated or damaged skin unless the approved product instructions permit it.
- Discontinue use if irritation develops.
- Keep out of reach of children.
- Follow the directions and warnings provided on the final approved product label.

Usage Instructions

1. Clean and gently dry the skin.
2. Dispense an appropriate amount of lotion onto the palm.
3. Apply evenly to the intended body area.
4. Massage gently until absorbed.
5. Follow the final product label for application frequency and specific directions.

Storage Instructions

- Keep the bottle properly closed when not in use.
- Store according to the conditions stated on the final product label.
- Protect the product from unsuitable storage conditions.
- Avoid contamination through contact with dirty hands or surfaces.
