ALOESOFT®

WHITE PETROLEUM JELLY

Variant: Aloe Vera & Almond

📌 Description

ALOESOFT® White Petroleum Jelly is a personal-care product designed to help moisturise the skin, reduce the feeling of dryness and maintain a soft, smooth skin surface. The product is presented in the Aloe Vera & Almond variant and is positioned for everyday external skincare.

Petroleum jelly forms a protective, moisture-retaining layer on the skin's surface, helping to reduce moisture loss and protect dry or rough areas from further drying. Its semi-solid consistency allows convenient application to specific areas of the body where additional moisturising care may be required.

According to the supplied product artwork, ALOESOFT® is presented for skincare needs such as dry skin, chapped lips, rough heels, elbows and knees. The artwork also highlights benefits including moisturisation, soothing dry skin, maintaining softness and helping protect the skin.

The product is available in four pack sizes: 7 g, 20 g, 40 g and 80 g, providing options for different consumer requirements.

The Aloe Vera & Almond variant name and related ingredient claims should be confirmed against the final approved formulation before publication. The product should be used according to its approved label directions.

📜 Specifications

- Topical Personal-Care Products

📄 Product Form

Semi-solid jelly.

The product is intended for external application to the skin. Its semi-solid form allows the user to apply a small quantity to the desired area.

🧍 Human Application

ALOESOFT® White Petroleum Jelly is presented for everyday personal skincare.

- Dry skin: Helps retain moisture and reduce the feeling of dryness.
- Chapped lips: The product artwork indicates this use; follow the approved label directions.
- Rough heels: Helps moisturise dry, rough skin.
- Elbows and knees: Provides targeted moisturising care for areas prone to dryness.
- Everyday skincare: Helps maintain a soft, smooth skin feel.
- Moisture protection: Forms a protective layer that helps reduce moisture loss.

Advantages

1. Moisture retention: Petroleum jelly helps reduce moisture loss from the skin.
2. Protective skin barrier: Creates a layer over the skin's surface.
3. Targeted application: Can be applied to specific dry areas.
4. Convenient consistency: The semi-solid form is suitable for controlled application.
5. Multiple pack sizes: Four sizes are shown to accommodate different purchasing preferences.
6. Everyday personal care: Can form part of a regular skincare routine when used as directed.

Precautions

- For external use only.
- Avoid contact with the eyes.
- Check the product's ingredient list if you have a known sensitivity.
- Discontinue use if irritation or an unwanted reaction occurs.
- Do not use as a substitute for medical treatment for persistent skin problems.
- Keep out of reach of children.
- Follow all directions and warnings printed on the final product label.

Usage Instructions

1. Ensure the application area is clean.
2. Take a small quantity of petroleum jelly.
3. Apply gently to the required area of skin.
4. Spread evenly to form a thin layer.
5. Reapply only as directed by the product label.

Storage Instructions

- Store in a cool, dry place.
- Keep away from direct sunlight and excessive heat.
- Keep the container properly closed when not in use.
- Avoid contamination by using clean hands when taking out the product.
- Follow the storage instructions printed on the packaging.

🙋 FAQs

1. What is ALOESOFT® White Petroleum Jelly used for?

ALOESOFT® is presented as a personal-care product intended to help moisturise the skin, reduce moisture loss and maintain a soft skin feel. The supplied artwork also indicates use for dry skin, chapped lips, rough heels, elbows and knees, subject to the approved label directions.

2. What is the difference between petroleum jelly and a regular moisturising cream?

Petroleum jelly primarily helps form a protective barrier that reduces moisture loss from the skin. Moisturising creams may use a combination of ingredients to provide hydration and soften the skin. Their precise functions depend on their individual formulations.

3. Which pack sizes are available for ALOESOFT®?

The supplied product image shows four pack sizes: 7 g, 20 g, 40 g and 80 g.

4. Can ALOESOFT® be used on dry or rough skin areas?

The product artwork presents it for dry skin, rough heels, elbows and knees. Apply it according to the product label and discontinue use if irritation occurs.

5. Does ALOESOFT® contain Aloe Vera and Almond?

The product is identified as the Aloe Vera & Almond variant in the supplied artwork. The actual presence and concentration of these ingredients should be confirmed from the approved formulation or ingredient declaration.
