LIPISOFT®

LIP CARE

📌 Description

LipiSoft® Lip Care is a lip-care product by DOTCOM PHARMA, presented to help moisturise dry lips and maintain a soft, smooth appearance. It is marketed as a convenient everyday lip-care preparation designed to help reduce dryness and support the lips' natural moisture barrier.

The supplied product artwork identifies the product as Gloss Boss Lip Balm SPF 50+ and highlights benefits such as moisturising dry lips, helping prevent chapping, and maintaining a smooth lip surface. The product is shown in four flavour variants: Green Apple, Orange, Chocolate (also described as Cocoa Mint on one pack), and Strawberry.

The tube format allows convenient, targeted application to the lips. The artwork displays 12 g per tube and a 20-piece jar pack containing individual lip-care units. The SPF 50+ claim appears on the supplied packaging; the actual sun-protection rating should be confirmed through appropriate testing and approved labelling before it is used as a verified product claim.

📄 Product Form

Balm.

LipiSoft® is presented as a balm for external application to the lips. Its intended function is to help moisturise the lips and maintain a soft, smooth appearance.

🧍 Human Application

LipiSoft® Lip Care is intended for human personal-care use.

- Dry lips: Helps moisturise lips that feel dry.
- Lip softness: Supports a softer, smoother feel.
- Chapping prevention: Intended to help reduce dryness that may contribute to chapped lips.
- Everyday lip care: Convenient for regular use according to label directions.
- Sun protection claim: The packaging displays SPF 50+; this claim should be verified against the product's approved test results and label before being relied upon.

Advantages

1. Moisturising care: Intended to help reduce lip dryness.
2. Smooth lip feel: Supports softer-feeling lips.
3. Four flavour options: Green Apple, Orange, Chocolate/Cocoa Mint and Strawberry.
4. Portable format: The 12 g tube is convenient for everyday use.
5. Bulk presentation: The artwork shows a jar pack containing 20 individual units.
6. SPF-labelled variant: SPF 50+ is displayed on the packaging, subject to verification of the approved claim.

Precautions

- For external use on the lips only.
- Avoid contact with the eyes.
- Do not use if the product causes irritation or an allergic reaction.
- Check the ingredient list if you have known sensitivities to flavours, fragrances or lip-care ingredients.
- Do not share personal lip-care applicators.
- Follow the approved directions for frequency of application and any sun-protection claims.
- Keep out of reach of children.

Usage Instructions

1. Apply a small amount evenly to the lips.
2. Reapply as directed on the approved product label.
3. For sun protection, follow the verified SPF product directions, including reapplication requirements.
4. Discontinue use if irritation occurs.
5. Keep the tube closed after use.

Storage Instructions

- Store in a cool, dry place.
- Protect from excessive heat and direct sunlight.
- Keep the cap tightly closed.
- Avoid contamination of the product.
- Follow the storage conditions printed on the final label.

🙋 FAQs

1. What is LipiSoft® Lip Care used for?

LipiSoft® is presented as a lip balm to moisturise dry lips, help maintain softness and support everyday lip care.

2. What flavours are available?

The supplied artwork shows Green Apple, Orange, Chocolate/Cocoa Mint and Strawberry variants.

3. What is the pack size of LipiSoft®?

The individual tube is labelled 12 g. The promotional artwork also shows a jar pack containing 20 pieces.

4. Does LipiSoft® provide SPF 50+ sun protection?

The packaging displays an SPF 50+ claim. The actual protection level should be confirmed using the product's approved testing and labelling before it is relied upon.

5. Can LipiSoft® be used every day?

It is presented for everyday lip care. Follow the approved label directions and discontinue use if irritation develops.
