## ✔ Specifications

- Material: High-Quality Stainless Steel Or Durable Aluminium Alloy
- Finish: Powder-Coated Or Polished For Corrosion Resistance
- Dimensions: 30 Cm
- Weight: Lightweight Yet Sturdy For Ease Of Use
- 

## ✔ Sizes Available

- 30 Cm

## ✔ Types & Shapes

- Fixed Straight Bars
- Adjustable Telescopic Bars
- Foldable Models For Portability

## ✔ Product Category

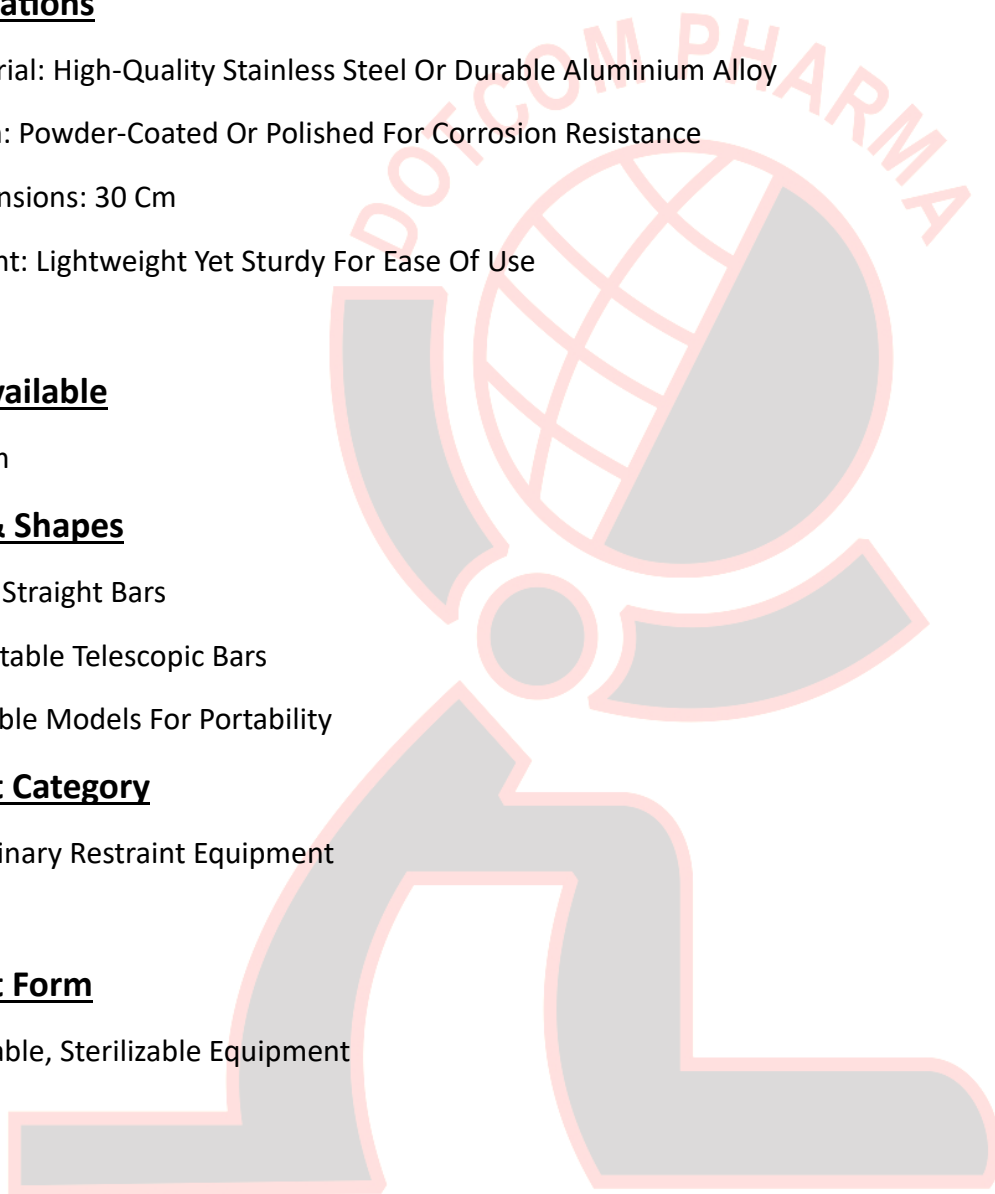

- Veterinary Restraint Equipment

## ✔ Product Form

- Reusable, Sterilizable Equipment

## ✔ Usage

- Prevents Backward Kicks Of Animals During Treatment Or Examination
- Used Primarily In Veterinary Clinics, Farms, And Animal Shelters
- Enhances Safety For Veterinarians, Assistants, And Animals

### **Human Application**

- Provides A Safer Working Environment For Veterinarians And Animal Handler
- Reduces Risk Of Injury From Animal Kicks During Examination Or Treatment
- Used In Clinics And Animal Care Facilities To Protect Staff

### **Veterinary Application**

- Designed To Restrain Large Animals Such As Horses, Cattle, And Livestock
- Prevents Animals From Kicking During Medical Procedures Or Transport
- Improves Safety And Ease Of Handling In Veterinary Practice And Farms

### **Advantages**

-  Enhances Safety By Restricting Sudden Movements
-  Durable And Corrosion-Resistant Materials
-  Easy To Install And Use

### **Disadvantages**

-  May Cause Discomfort If Improperly Used
-  Not Suitable For All Animal Sizes Without Adjustment

### **Precautions**

-  Always Ensure Proper Fitting To Avoid Injury
-  Regularly Inspect For Wear And Damage
-  Do Not Leave Animals Unattended While Restrained

### **Handling Instructions**

- Attach Securely To Appropriate Points On Animal Enclosures Or Restraints
- Adjust Size And Position Before Animal Handling
- Clean And Sterilize After Each Use

### **Sterilization Details**

- Compatible With Standard Disinfectants
- Wipe Clean Or Autoclave Depending On Material

## ✔ **HS / HSN Code**

- Suggested Reference: **HSN Code 9403.20** (Furniture And Parts Thereof – Veterinary Use)
- ⚠ *There Is No Specific Hs Code For Anti Kick Bars. Please Verify With Your Local Customs Authorities For Exact Classification.*
