Chelated Mineral & Herbal Veterinary Feed Supplement

Description:

A potent veterinary supplement combining chelated minerals such as calcium, phosphorus, magnesium, iron, and vitamin D3 for superior bioavailability. Enhanced with a complex enzyme blend and traditional Ayurvedic herbs like Acorus calamus, Laptadenia reticulata, Asparagus racemosus, Ashwagandha, and Brahmi to support cattle's metabolic functions, immunity, and overall vitality.

Specification:

- Calcium Chelated: 25 gm
- Phosphorus Chelated: 12.5 gm
- Vitamin D3 Chelated: 100,000 IU
- Magnesium Chelated: 2000 mg
- Enzyme Complex: 10 gm
- Iron Chelated: 200 mg
- Acorus Calamus: 8000 mg
- Laptadenia Reticulata: 12,000 mg
- Asparagus Racemosus: 10,000 mg
- Ashwagandha: 5000 mg
- Brahmi: 5000 mg
- Base: q.s.

Composition:

Chelated minerals combined with herbal extracts and enzymes, formulated for enhanced absorption and physiological benefits in cattle.

Excipients:

Appropriate inert base to maintain stability and facilitate administration.

Indications:

- Supports mineral supplementation and bone health
- Enhances metabolic and enzymatic activity
- Boosts immune response and stress resilience
- Promotes overall vitality and well-being in cattle

Dosage:

Administer as advised by the veterinarian; usually mixed with feed or water according to animal size and condition.

Route of Administration:

Oral, via feed or drinking water.

Usage:

Daily or as directed for mineral replenishment and health support.

Advantages:

- High bioavailability through chelated minerals
- Herbal extracts offer adaptogenic and immunomodulatory benefits
- Supports growth, reproduction, and metabolic balance

Adverse Effects:

Rare if used as directed; monitor for any hypersensitivity.

Schedule:

Non-controlled veterinary supplement.

Precautions:

- Store in a cool, dry place away from sunlight.
- Use under veterinary supervision.

Withdrawal Period:

Consult veterinarian based on concomitant treatments.

Storage:

Store between 15–25°C in a sealed container.

Handling:

Avoid moisture and contamination during handling.

HS/HSN Code:

- HS Code: 2309.90
- HSN Code: 2309

Special Instructions:

Use as directed; **do not mix with incompatible medications without veterinary advice.**

Human and Veterinary Application:

For veterinary use in cattle only; **not for human consumption.**

Frequently Asked Questions (FAQs):

Q: What does "chelated" mean?

A: Chelated minerals are bound to organic molecules to improve absorption and bioavailability.

Q: Are these herbal extracts safe for all cattle?

A: Generally yes, but consult your veterinarian for animals with special conditions.

Q: Can this supplement replace vitamin injections?

A: It complements overall nutrition but should not replace prescribed treatments.

Q: Is there a withdrawal period before meat or milk use?

A: Typically not required; confirm with your vet if other drugs are administered.
