

BLOATDOT-AYU

Simethicone Emulsion U.S.P. 1000 mg Anti-Bloating Supplement for Veterinary Use

Description

Simethicone Emulsion U.S.P. 1000 mg is an oral anti-bloating supplement formulated as a diluted oil suspension for cattle. It works by reducing the surface tension of gas bubbles in the gastrointestinal tract, helping to relieve gas, bloating, and discomfort in affected animals. This product supports digestive comfort and improves feed utilization.

Specification

- **Active Ingredient:** Simethicone Emulsion U.S.P. 1000 mg per ml
- **Form:** Diluted oil suspension (emulsion)
- **Appearance:** White milky liquid
- **Packaging:** 100 ml bottle
- **Category:** Cattle — Veterinary Feed Supplement (Anti-Bloating)

Composition

- Simethicone Emulsion U.S.P. 1000 mg
- Diluted oil base
- Appropriate excipients for stability and palatability

Category

- Cattle

Route of Administration

- Oral administration

Indication

- Relief from gas accumulation, bloating, and flatulence in cattle
- To reduce foam formation in the digestive tract and enhance comfort

Dosage

- Administer as per veterinary prescription, typically given orally based on animal weight and severity of symptoms.

Product Form

- Liquid emulsion (oil suspension)

Advantages

- Safe and non-toxic for cattle
- Provides rapid relief from gas-related discomfort
- Improves digestion and feed efficiency
- Easy to administer oral formulation

Adverse Effects

- Rare mild gastrointestinal upset in sensitive animals

Schedule

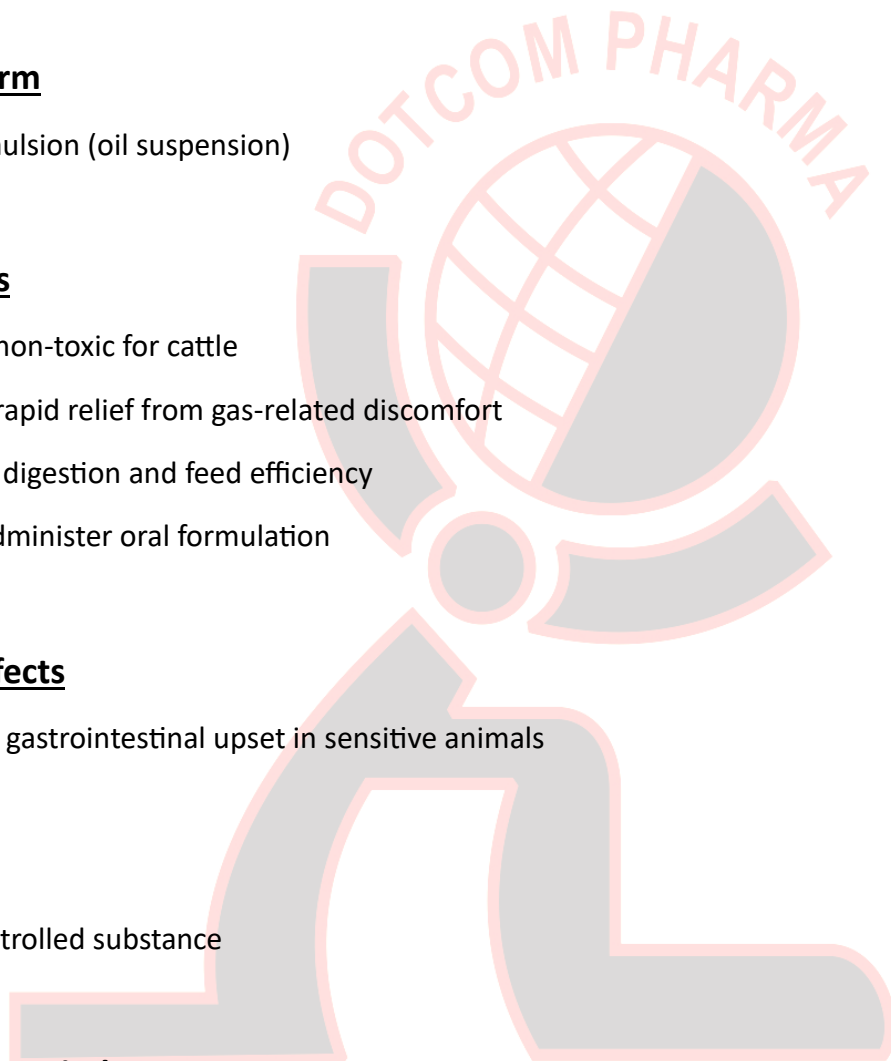

- Not a controlled substance

Withdrawal Period

- No withdrawal period required; safe for use up to slaughter

Storage

- Store in a cool, dry place away from sunlight
- Keep tightly closed

Handling

- Shake well before use
- Avoid contamination

HS & HSN Codes

- HS Code: 3004.90
- HSN Code: 30049000

Special Instructions

- Use only under veterinary supervision
- Do not exceed recommended dosage
- Keep out of reach of children and untreated animals

Frequently Asked Questions (FAQs)

Q: What is Simethicone Emulsion U.S.P.?

A: Simethicone Emulsion U.S.P. is an anti-bloating oral supplement for cattle that helps relieve gas and discomfort by breaking down gas bubbles in the digestive system.

Q: How does it work?

A: It reduces surface tension of gas bubbles, facilitating their elimination and easing bloating.

Q: Is there a withdrawal period?

A: No withdrawal period is required for this supplement.

Q: Can it be given to other animals?

A: This product is specifically formulated for cattle; consult a veterinarian before use in other species.

Q: How should it be stored?

A: Store in a cool, dry place away from direct sunlight and keep the bottle tightly sealed.
