

Suturing Set

Description

The **Suturing Set 6 Piece** is an essential surgical kit designed to provide all the necessary instruments required for suturing during surgical procedures. This compact set is carefully curated for precision, efficiency, and ease of use in both human and veterinary surgical environments. Ideal for wound closure, tissue repair, and surgical stitching.

Specifications

- **Set Components:** Typically includes needle holder, suture scissors, tissue forceps, thumb forceps, and additional suture tools
- **Material:** High-grade surgical stainless steel
- **Sizes:** Standard sizes designed for versatility in various procedures

Material

- Durable, corrosion-resistant surgical stainless steel
- Autoclavable and designed for repeated sterilization cycles

Category

- Surgical Instrument Sets / Suturing Tools

Product Form

- Manual, reusable instrument set in a compact kit form

Usage

- Suturing wounds and surgical incisions
- Holding and guiding suturing needles
- Cutting sutures with precision
- Handling tissue delicately during stitching

✔ Advantages

- Complete set for efficient suturing
- High durability and precision instruments
- Compact and portable for easy use in clinics or fieldwork
- Suitable for both veterinary and human surgical procedures

✘ Disadvantages

- Requires proper sterilization after each use
- Instruments must be handled with care to maintain sharpness and function

⚠ Precautions

- Use instruments only for intended surgical purposes
- Sterilize before and after every procedure to prevent infection
- Regularly inspect for wear and damage

📁 Handling & Sterilization Details

- Suitable for autoclave, dry heat, and chemical sterilization methods
- Store in a clean, dry container after sterilization

🐾 Veterinary Application

- Commonly used for suturing during animal surgeries, wound closure, and tissue repair

👨 Human Application

- Used widely in hospitals, clinics, and emergency care for wound management and surgical stitching

📄 HS & HSN Codes

- **HS Code:** 9018.90
- **HSN Code:** 9018

? FAQs
