

RABIDOT-M

Description

RABIDOT-M is a premium multivitamin veterinary feed supplement specially formulated for rabbits to support overall health, vitality, and nutritional balance. It helps in maintaining optimum immunity, proper growth, metabolic functions, and reproductive performance. Regular supplementation assists in preventing vitamin deficiencies commonly observed in pet, breeding, and farm rabbits, especially during periods of stress, illness, transport, or environmental changes.

Specifications

- **Product Category:** Veterinary Feed Supplement
- **Target Species:** Rabbits
- **Product Form:** Liquid
- **Physical Appearance:** Clear to light-coloured liquid
- **Packaging Type:** Bottle
- **Size Availability:** 30 ml

Composition

RABIDOT-M contains a balanced blend of essential fat-soluble and water-soluble vitamins required for the daily nutritional needs of rabbits. These vitamins play a crucial role in supporting immunity, bone development, energy metabolism, skin and coat health, and overall physiological functions.

Types

- Liquid multivitamin feed supplement

Category

- Veterinary Nutritional Supplement
- Animal Feed Supplement

Product Form

- Oral Liquid

Usage / Administration

RABIDOT-M should be administered orally as per the recommendation of a veterinarian. It can be given directly or mixed with drinking water or feed to ensure easy consumption by rabbits.

Advantages

- Helps prevent vitamin deficiencies
- Enhances immune response
- Supports healthy growth and development
- Improves appetite and energy levels
- Maintains healthy skin and fur
- Aids recovery during illness and stress conditions

Disadvantages

- Overdosage may lead to vitamin imbalance
- Not a substitute for a balanced and complete feed

Precautions

- For veterinary use only
- Not intended for human consumption
- Use strictly as directed by a veterinarian
- Do not exceed recommended dosage
- Keep out of reach of children

Handling & Storage

Store in a cool, dry place away from direct sunlight. Keep the bottle tightly closed after use. Do not use the product if the seal is broken or damaged.

Sterilisation Details

Not applicable, as this product is an oral liquid veterinary feed supplement.

HS & HSN Code

- **HS Code:** 2309
- **HSN Code (India):** 23099020
