

DIARODOT

Ayurvedic Gastro-Intestinal Powder Supplement Veterinary Feed Supplement

Description

This herbal formulation is a **digestive-supporting, anti-diarrheal, and gut-strengthening powder feed supplement** for cattle. Designed with potent Ayurvedic herbs like **Punica granatum (pomegranate)** and **Aegle marmelos (bael)**, this supplement supports gastrointestinal health, improves nutrient absorption, and enhances immunity against digestive infections.

It is especially useful during **loose motion, indigestion, parasitic infestations**, and general gut imbalance.
