

DOTSURE (After A.I)

Omega-Fortified Vitamin & Trace Mineral Liquid Supplement

Description:

A premium, single-dose liquid supplement formulated with essential fat-soluble vitamins, vital trace minerals, and omega-3 & omega-6 fatty acids. Specially designed to boost immunity, reproductive health, coat quality, and overall productivity in cattle.

Specification:

- Vitamin A: 500,000 IU
- Vitamin E: 500 mg
- Copper: 2000 mg
- Cobalt: 50 gm
- Zinc: 1000 mg
- Iodine: 200 mg
- Manganese: 2000 mg
- Omega-3 Fatty Acids: q.s.
- Omega-6 Fatty Acids: q.s.

Composition:

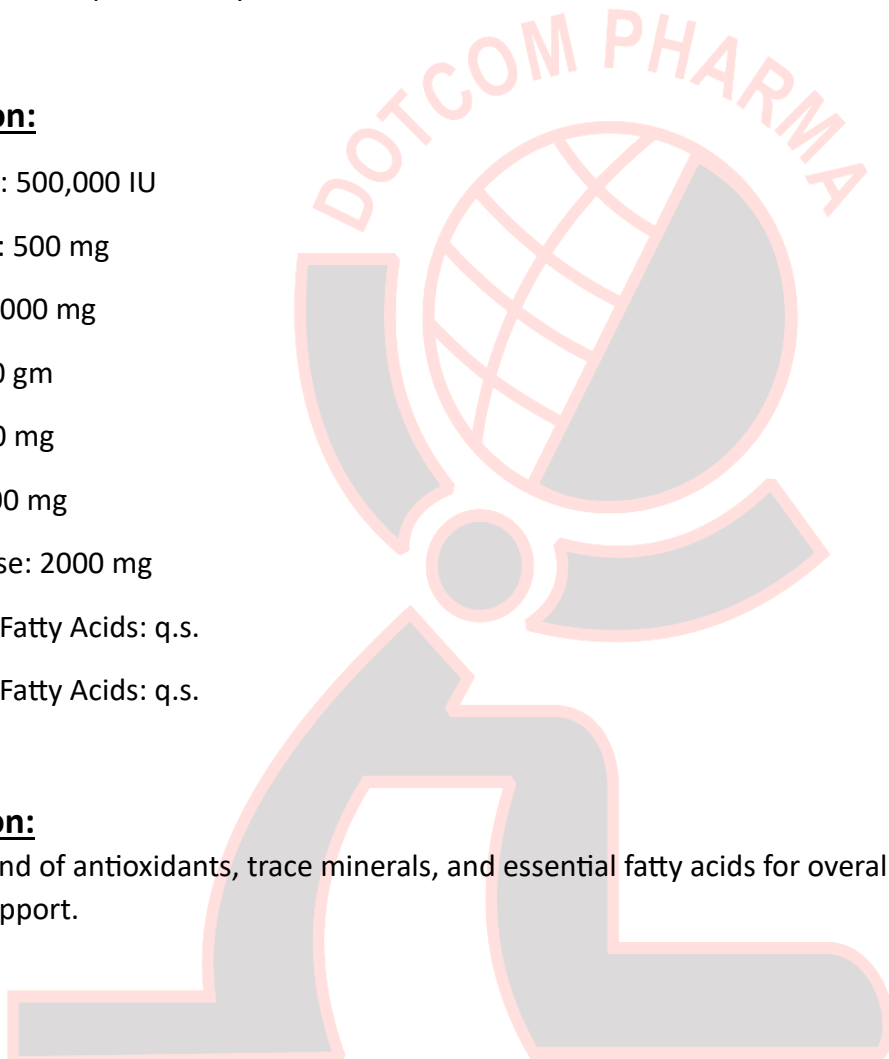

High-potency blend of antioxidants, trace minerals, and essential fatty acids for overall physiological and metabolic support.

Excipients:

Pharmaceutical-grade oil/water base with absorption enhancers and stabilizers.

Indications:

- Enhances fertility and reproductive performance
- Improves coat shine and skin health / Aids in recovery from mineral deficiencies
- Boosts immunity and disease resistance
- Supports metabolic and enzymatic functions

Dosage:

225 ml — single oral dose, or as advised by the veterinarian.

Route of Administration:

Oral (can be administered directly or mixed with feed)

Usage:

Recommended during stress periods, after deworming, during reproduction cycles, or as a routine nutritional support.

Advantages:

- All-in-one solution for trace mineral and omega fatty acid supplementation
- Single-dose convenience
- Supports energy metabolism and antioxidant defence
- Rapid absorption with synergistic formulation

Adverse Effects:

None observed when used as recommended. Overdose may lead to trace mineral toxicity — consult a vet.

Schedule:

Non-controlled veterinary nutraceutical

Precautions:

- For animal use only
- Avoid contamination of unused product
- Shake well before use

Withdrawal Period:

Not applicable

Storage:

Store at 15–25°C. Keep tightly sealed in a cool, dry place, away from sunlight.

Handling:

Use clean tools and hygienic practices during administration.

HS/HSN Code:

- HS Code: 2309.90
- HSN Code: 2309

Special Instructions:

Administer during periods of low fertility, hair loss, or general mineral deficiency. Repeat as advised by the veterinarian.

Human and Veterinary Application:

Veterinary Use Only — not intended for human consumption.

Frequently Asked Questions (FAQs):

Q: What is the benefit of omega-3 and omega-6 in cattle?

A: They support skin health, boost fertility, enhance immune response, and promote anti-inflammatory activity.

Q: Is this supplement safe during pregnancy?

A: Yes, but only under veterinary supervision.

Q: How often should it be given?

A: This is a **single-dose formulation**; repeat only under vet recommendation.

Q: Can this be mixed with water or feed?

A: Yes, but direct oral dosing ensures full intake.
